

## ORIGINAL STUDIES

- Qualitative and quantitative analysis of post-operative drainage: pilot study  
E. Algrain, B. Ster, P. Nguyen Vo Thanh, L. Fabeck ..... 567
- Unilateral versus simultaneous bilateral total hip arthroplasty. The Belgian experience  
G. Beckers, J. Manon, O. Cornu, M. Van Cauter ..... 575
- Birmingham hip resurfacing: a systematic review of outcomes at minimum 10-years follow-up  
M.S. Davey, K. Mohan, E. Gavin, F.R. Power, W. Curtin, K. Kaar, C.G. Murphy ..... 581
- Invasive electrical stimulation in the treatment of avascular osteonecrosis of the femoral head – mid-term results  
M. Ellenrieder, C. Schulze, A. Ganzlin, S. Zaatreh, R. Bader, W. Mittelmeier ..... 587
- Evaluation of the native femoral neck and stem version reproducibility using robotic-arm assisted direct-anterior total hip arthroplasty  
H. Geelen, V. Vanryckeghem, G. Leirs ..... 595
- Autologous bone plug-sliding with core decompression and bone marrow aspirate concentrate application: a joint-preserving surgical technique for corticosteroid-induced osteonecrosis of femoral head  
C.D. Davulcu, B. Karaismailoğlu, M.K. Ozsahin, E. Davutluoglu, D. Akbaba, E. Terzi, M.C. Ünlü ..... 603
- Distal femoral osteotomy for multidirectional malunion using 3D printing technology: a case-report  
T. Kyriakidis, A. Lucidi, C. Pitsilos, R. Verdonk ..... 609
- Preoperative infection risk assessment in hip arthroplasty a matched-pair study of the reliability of 3 validated risk scales  
A. Manzotti, M. Colizzi, D. Brioschi, P. Cerveri, M.M. Larghi, M. Grassi ..... 613
- Resection of the femoral neck: a new technique for the treatment of mallory type I intra-operative femoral fracture during total hip arthroplasty  
J.-W. Park, J.-K. Kim, Y.-K. Lee, Y.-C. Ha, K.-K. Koo ..... 619
- Clinical outcomes of modified direct lateral approach of Hardingefor total hip arthroplasty  
B. Obada, D.-M. Iliescu, I.-A. Popescu, L.C. Petcu, M.G. Iliescu, V.-A. Georgeanu ..... 625
- The incidence and management of slipped capital femoral epiphysis: a population-based study  
L. Ripatti, T. Kauko, V. Kytö, P. Rautava, J. Sipilä, M. Lastikka, I. Helenius ..... 634
- Observation of the short-term curative effect of using SuperPATH approach to treat elderly femoral neck fractures with schizophrenia  
L. Mi, Z. Yuan, M. Que, Y. Yang, S. Fang, X. Wang ..... 639
- Effectiveness and safeties of hemocoagulase and tranexamic acid to reduce perioperative blood loss in intertrochanteric fracture PFNA fixation  
L. Wang, C. Wang, D. Zhang, W. Wang, F. Wang ..... 645
- Papineau-irrigation technique: an alternative treatment of fracture-related infectious soft tissue defects  
M. Boonen, L. Ginckels, G. Tuerlinckx, J. Lammens ..... 651

Are C-reactive protein (CRP) and neutrophil to lymphocyte ratio (NLR) predictive markers of successful two-stage prosthetic joint infection management?	659
M. Eeki, H. Poilvache, M. Randy Buzisa, M. Van Cauter, H. Rodriguez-Villalobos, J.-C. Yombi, O. Cornu . . . . .	
Empiric antibiotic treatment for periprosthetic joint infections: a national survey in The Netherlands	665
R. Scholten, P.M.C. Klein Klouwenberg, J.L.C. Van Susante, M.P. Somford . . . . .	
Female representation in orthopedic surgery: where do we stand in Belgium?	671
C. Meert, J. Manon, O. Cornu . . . . .	
Decreasing exposure to thyroid radiation in an orthopaedic theatre setting: an educational intervention	679
C. Duggan, R. Chopra, C. Taylor . . . . .	
Increase in gap index over time after reduction of unstable paediatric both-bone forearm fracture does not cause displacement	685
N. Doğan, L. Arslan . . . . .	
Minimally invasive corrective derotational osteotomy for proximal phalanx malrotation	691
P. Caekebeke, L. Van Melkebeke, J. Duerinckx . . . . .	
Prevalence and clinical implications of heterotopic ossification after distal biceps tendon repair	695
W. Geuskens, P. Caekebeke, R. Van Riet . . . . .	
Surgical vs Non-surgical interventions for distal radius fractures: a quantitative analysis of Patient-Rated Wrist Evaluation measures	701
S.S. Gill, S.R. Namireddy . . . . .	
Is the 'safe zone' identified in preoperative computed tomography helpful for choosing optimal implant for fixation of radial head fracture?	709
S.B. Ma, S.K. Lee, Y.S. An, H.G. Choi, W.S. Choi . . . . .	
Intramedullary nail fixation of fibular fractures in combination with extra-articular distal tibial fractures (AO/OTA 43A): a single-center retrospective study	719
Y. Xiong, J. Zhang, H. Liu, T. Cai, W. Xu, J. Wu . . . . .	
Comparison of gait and sagittal plane arm swing between individuals with adolescent idiopathic scoliosis and healthy individuals	727
S. Tekin, G. Yagci, S. Topuz, G. Demirkiran . . . . .
